# Our Impact

**Free Speech TV unites activists from all walks of life under one goal: to build a just, equitable, and sustainable world. Our impact is measured by the grassroots change-makers we inspire and activate through fearless storytelling and independent journalism.**

**“FSTV is bringin’ it to the masses, but not from the mountain top, from the same ground we all share. I want to be involved in this movement toward truth, freedom, peace, and yes, justice for all.”**

**“Free Speech TV is providing a national venue to those of us who are working in our own small circles to use media as a tool for social change. Thank you!”**

**“Thank you for introducing me to a world that isn’t controlled by corporate propaganda, for showing me that I am not alone in my belief that this country deserves better than cruelty & injustice to divide the people, and for providing programs that are informative & enthralling. Because of FSTV, for the first time in my life, I registered to vote, I called my Representative, and I called my Senators to tell them my concerns.”**
